Fachinformatiker - Qualitätssicherung Software

📍 **MUNICH**

We are looking for you to support our team in testing and validating state-of-the-art automotive technologies and functions. If you have a passion for connected cars and want to be part of a production-ready validation process, this opportunity is for you!

YOUR RESPONSIBILITIES

➤ Analysis of failed test cases, root cause analysis and development of solutions

➤ Establishment and further development of central test processes and methods

➤ Creation of test specifications

➤ Test planning and execution

➤ Processing of test results and primary failure analysis

➤ Managing of test concepts and presentation to test managers, product owners and developers

OUR REQUIREMENTS

➤ Completed vocational training as "Fachinformatiker /-in", for example in the field of system integration or application development or corresponding professional experience

➤ Experience in test planning (software, hardware, test automation), ideally in the automotive sector

➤ Knowledge of current test tools and methods according to standards (e.g. ISTQB)

➤ Valid driver's license

➤ Fuent in German and Business English

➤ Programming and scripting skills, e.g. in Python, Java are an advantage

➤ Experience in the areas of telematics, digital services, IoT or infotainment is an advantage

OUR BENEFITS

➤ International work environment in one of Germany's most exciting cities

➤ Highly innovative, agile and unique team with a great working culture

➤ Permanent position in full time or part time

➤ Flexible working hours

➤ Competitive compensation, extraordinary pension plan, profit sharing and various benefits in the areas of sport/health, work/life, mobility and fun

➤ Very appealing, state-of-the-art office & work equipment

➤ Room for independence, personal growth and creativity

➤ Professional development concept including constant and individual trainings.

➤ short- and long-term international opportunities

Pixida is proud to be an **Equal Opportunity Employer**! We are committed to a work environment that supports, inspires, and respects all individuals and in which all aspects of employment are applied without discrimination. Therefore we encourage all individuals to apply!
